

Media Timeouts by Conference

2023-2024

Men

Conference	Rule
Lone Star	<p>Media timeouts shall be utilized at <u>ALL</u> basketball games hosted by Lone Star Conference member institutions.</p> <ol style="list-style-type: none"> The length of each media timeout shall be <u>75 seconds (Note to media: 60-second commercial break with 15-second buffer)</u>. <i>NOTE: For live television games, the length of each media timeout shall be 105 seconds (Note to media: 90-second commercial break with 15-second buffer).</i> There shall be exactly <u>nine (9)</u> media timeouts in each game. Media timeouts will be taken at the first dead ball after the 16:00, 12:00, 8:00 and 4:00 marks on the clock in each half. Additionally, the first timeout requested by either team in the second half or in any extra period automatically shall become the length of a media timeout. The media timeouts will be in play for <u>every game</u>, regardless of what media is or is not covering the contest. The media timeouts are <u>not to be replaced by any other timeouts</u> (e.g., team-called timeouts, injury timeouts, officials' timeouts, intermissions will never take the place of a media timeout). In addition to the media timeouts, each team is entitled to <u>three (3) 30-second timeouts</u>. Each team may carry up to two (2) 30-second timeouts into the second half. Each team also gets <u>one (1) 60-second timeout</u> that can be used any time during the game. For overtime games, each team shall be entitled to one additional 30-second timeout during each extra period in addition to any timeouts it has not used previously. During all timeouts, a warning horn to alert teams to prepare to resume play shall be sounded <u>15 seconds before the expiration of any charged or media timeout</u>. A second game-clock horn shall be sounded at the end of any charged or media timeout and shall resume immediately. The team that requests a charged timeout may shorten that timeout when the captain/head coach notifies the official of the team's intent. However, <u>media timeouts (including the first team-charged timeout of the second half or in any extra period) cannot be shortened</u> regardless of whether one or both teams indicate readiness. When a timeout is granted and creates a dead ball with 30 seconds or less before a media marks or creates the first dead ball after one of the 15-, 10-, 5-minutes marks or the 16-, 12-, 8-, 4- minute marks, that timeout will become the electronic-media timeout for that specified media mark time. (Exception: Rule 5-14.10.d) Timeouts granted and charged/media. (Rule 5-14.10). The media timeout format now requires the media timeouts to occur "at or under" the media mark timeouts. When officials elect to use Instant Replay and this creates a dead ball with 30 seconds or less before a media mark timeout is required, this dead ball will become the media mark timeout. <p><i>NOTE: Intermission between halves shall be 15 minutes. Additionally, there shall be a one-minute intermission before each extra period.</i></p>
