

Welcome to Whistle Works! We're excited to have you join our community of officials. We're also honored to partner with **Tony Stigliano** Supervisor of Men's and Women's Basketball Officials for **GSOA** and we look forward to supporting your growth, development, and success on the court.

To get started, please visit www.whistleworks.org to create or access your account. As part of the registration process, you will receive a **one-time passcode (OTP)** by email to verify your account. Please note that the verification link associated with this OTP will **expire after one hour**, so be sure to complete this step promptly.

After setting up your user profile, please make sure your **profile is fully completed** and that you **upload a current profile picture**. Then, remember to **register for the clinic of your choice**, as creating a profile alone does not reserve your spot in a clinic.

Once you successfully register for a clinic and complete payment, you will receive:

- A **registration confirmation email** with clinic details
- A **payment receipt** for your records

If you do not see your confirmation or receipt in your inbox, please be sure to check your spam or junk folder.

As part of your clinic experience, Whistle Works provides a powerful set of tools designed to support your development, including:

- Access to **clinic schedules, game assignments, and partner information**
- **GPS directions** to game sites for easy navigation
- **Real-time performance evaluations and feedback** to help you improve
- A centralized platform to manage **all aspects of your clinic experience** in one place

We're excited to have you with us and look forward to a great clinic season ahead!
